- #85022009 Glass Seed Bead Rainbow Value Pack Assortment (1 pk)
- #61215297 Silver 6/0 E-Beads, 40 G (1 pk)
- #34712112 Silver Deco Metal D Bails, 2 pc. (1 pk)
- #34719059 Silver Findings Starter Pack, 145 pc. (1 pk)

Tools Needed

- Ruler
- Flush Cutters
- Needle Nose Pliers
- #74100006 Beadalon Bead Stoppers Combo Pack, 8 pc. (1 pk – optional but helpful)

Techniques to Know

Jump Rings

Instructions:

1. Cut an 8" length of 26G wire. Attach a small bead stopper to one end of the wire to keep beads from falling off while stringing.
2. String the following beads onto the wire: five turquoise seed beads, one silver e-bead, three transparent blue e-beads, and one silver e-bead. Repeat this sequence three more times. Remove the bead stopper, slide that end of the wire through the silver deco bail, and snugly tie the wire ends together to form a circle. Tie again to make sure the beads are secured on the wire. Use flush cutters to cut off wire tails.
3. Repeat steps 1-2 so you have a total of three beaded circles hanging from the silver deco bail.
4. Use a 6mm jump ring to attach the top loop of the silver deco bail to the bottom loop of an ear wire.
5. Repeat steps 1-4 for the matching earring.
