

Supplies Needed

#47645574 Clear, Black Diamond, Jet Flatback Mix (1 pk)

#47554111 Crystal Glue Pen (1)

Apple Watch Case/Screen Protector (1)

Tools Needed

#KATANA Katana Crystal Flatback Rhinestone Applicator Tool (or Tweezers)

Techniques to Know

Gluing Crystal Flatbacks

Instructions:

1. Choose desired flatback crystals from the mix and determine where you want them placed on the top side edges of the case/screen protector.
2. Place tiny dots of glue where flatback crystals will be placed and use the Katana (or tweezers) to place them onto the glue.
3. Allow glue to thoroughly dry.

SKILL LEVEL: Beginner

APPROXIMATE CRAFTING TIME: Less than 1 Hr + Drying Time
