

## Kids Magic Wand

### Supplies Needed

- #40000680 Clear Plastic Hanging Ball Ornament (1)
- #40000479 Lavender Chenille Pipe Cleaners, 6mm x 12", 25 pc. (1 pk)
- #40000891 Gold Tinsel Pipe Cleaners, 6mm x 12", 25 pc. (1 pk)
- #40000530 Wooden Dowel Rods, ¼" x 12", 10 pc. (1 pk)
- #40000865 White Iridescent 5mm Cupped Sequins, 800 pc. (1 pk)
- #40000879 Fuchsia 5mm Cupped Sequins, 800 pc. (1 pk)
- #40000874 Gold 8mm Cupped Sequins, 200 pc. (1 pk)
- #34734129 Colors of the Rainbow Glitter Beads, 125 pc. (1 pk)
- #40000808 Spring Colors Pompoms, 100 pc. (1 pk)
- #8123412 Gold 4/6/8mm Jump Rings, 240 pc. (1 pk)
- #34697038 White Satin Ribbon, 10 yd. (1 pk)
- #34697091 Pink Satin Ribbon, 10 yd. (1 pk)
- #34696040 Purple Organza Ribbon, 5 yd. (1 pk)
- #34696038 Gold Organza Ribbon, 5 yd. (1 pk)

### Tools & Other Supplies Needed

- Drill w/ bits (Adult Supervision Mandatory)
- Child Safe Clear Drying Glue
- Wet Paper Towel
- Scissors
- Iron (optional – Adult Supervision Mandatory)

### Techniques to Know

- Basic Knot
- Jump Rings
- Basic Drilling (Adult Supervision Mandatory)

### INSTRUCTIONS:

1. Drill a hole in the joined plastic ornament on the end across from the end with the hanging tabs. The dowel will be placed there. (Adult supervision mandatory. We first used a 1/8" drill bit for pilot hole, then a 3/4" drill bit.)
2. Wrap a gold tinsel pipe cleaner around the top 2 ½" of a wooden dowel.
3. Separate the plastic ornament in half. Place a dab of glue on the top of the dowel and on the drilled-out hole on each half of the ornament. Place the dowel into one side of the ornament so the wrapped tinsel is inside the ornament and the dowel touches the

top of that half of the ornament and fits down into the drilled hole on that bottom of that half of the ornament.

4. Fill one half of the ornament with sequins, beads, and some of the pompoms. Fill the other half with pompoms.
5. Place a thin line of glue around the inside edge of one half of the ornament and around the drilled hole on each half of the ornament.
6. Carefully place the half of the ornament filled with pompoms onto the other half of the ornament so the pompons don't spill out. Use a wet paper towel to wipe off any glue that may squeeze out onto the outside of the ornament.
7. Starting at the base of the ornament, wrap a lavender chenille pipe cleaner around the dowel, leaving a little space between the wraps. Wrap a gold tinsel pipe cleaner around the dowel so it fills in the spaces between the lavender chenille pipe cleaner.
8. Attach an 8mm jump ring to the hole in the tabs on top of the ornament.
9. (You may wish to iron the ribbons to remove creases. Adult supervision mandatory.) Cut 12" lengths of each of the colored ribbons. Fold and slide the middle of the ribbons through the jump ring on top of the ornament and tie them together so they hang. Use scissors to trim the ends of the ribbons even.
10. Cut 24" lengths of each of the colored ribbons. Tie the middle of the ribbons around the dowel at the base of the ornament so they hang down. Use scissors to trim the ends of the ribbon even.

**Skill Level:** Beginner

**Approximate Crafting Time:** 15-20 Min. & drying time
