Techniques to Know

- Jump Rings
- Form a Loop
- Crimp Tubes
- Cutting Chain

Instructions: (We chose to remove the brown and black e-beads from the e-bead mix.)

1. Cut a 24" length of beading wire. If you have a bead stopper, place it on one end of the beading wire.
2. Create your own 18" asymmetrical strand of pearls and e-beads or use the following as a guide: (In this step, single 4mm gold jump ring will be referred to as *jr*, a single 6 mm pearl will be referred to as *6mm*, and a single 8mm pearl will be referred to as *8mm*). String the following onto the beading wire: 1 $\frac{3}{4}$ " of mixed color e-beads, (*jr*, *8mm*, *jr*), 1 $\frac{1}{2}$ " of mixed color e-beads, (*jr*, *6mm*, *jr*), 1 $\frac{1}{2}$ " mixed color e-beads, (*jr*, *6mm*, *jr*, *8mm*, *jr*), 1" of mixed color e-beads, (*jr*, *6mm*, *jr*), 2" of mixed color e-beads, (*jr*, *6mm*, *jr*), 1/2" of mixed color e-beads, (*jr*, *8mm*, *jr*, *6mm*, *jr*), 1 $\frac{1}{4}$ " of mixed color e-beads, (*jr*, *8mm*, *jr*), 1 $\frac{3}{4}$ " of mixed color e-beads, (*jr*, *8mm*, *jr*, *6mm*, *jr*), 1" of mixed color e-beads, (*jr*, *6mm*, *jr*), and 3" of mixed color e-beads. Use crimp tubes to connect each end of the beaded strand to 4mm jump rings.

3. Cut a 16-17" length of gold cable curb chain and attach 4mm jump rings to each end. Cut a 21" length of gold cable chain and attach 4mm jump rings to each end.
4. Slide an 8mm pearl, a 4mm jump ring, and two different colored e-beads onto a head pin. Trim the stem and form a loop to make a beaded drop. Slide an e-bead, a 4mm jump ring, a 6mm pearl, a 4mm jump ring, and a different color e-bead onto an eye pin. Trim the stem and form a loop to make a beaded link. Attach one end of the beaded link to the loop on the beaded drop. Connect the loop on the other end of the beaded link to the middle link of the 21" of gold cable chain.
5. Attach a 6mm jump ring to the loop on a lobster clasp. Connect the 4mm jump rings on one end of the following, in order, to the 6mm jump ring on the lobster clasp: curb chain, beaded strand, cable chain.
6. In the same order as the previous step, connect a 6mm jump ring to the 4mm jump rings on the other ends of the chains and bead strand. Connect that 6mm jump ring to another 6mm jump ring.
