Techniques to Know:

Stretch Cord Knot

DIRECTIONS:

1. Use the tool to attach the spring bars onto each slide in watch band adapter.
2. Cut three 12" lengths of stretch cord.
3. Use a stretch cord knot (see illustration) to attach one end of each stretch cord to each end and the middle of one of the slide in adapter spring bars.
4. Slide the following onto each stretch cord: one grey/black bead, one rhinestone rondelle, sixteen grey/black beads, one rhinestone rondelle, and one grey/black bead.
5. Snug up the stretch cord on the end of each length of beads. Use a stretch cord knot to attach the stretch cord to the corresponding spots on the spring bar of the other slide in watch band adapter.
6. Trim excess stretch cord.
