Techniques to Know:

Double Knot

Triple Knot

INSTRUCTIONS:

1. Cut a 30" length of thread and thread the beading needle.
2. Pick up twelve black seed beads. Bring needle back through the twelve seed beads, forming a circle. Tie the tail and main thread together into a secure triple knot. Trim off the tail.
3. Pick up five yellow seed beads. Skip a black seed bead and bring the needle and thread through the next black seed bead. Repeat this step five more times.
4. Bring the needle through the next two yellow seed beads. Pick up three yellow seed beads. Skip a yellow seed bead and bring the needle and thread through the next yellow seed bead.
5. Pick up a green silver lined seed bead. Skip two yellow seed beads and bring the needle and thread through the next yellow seed bead. Pick up three yellow seed beads. Skip a yellow seed bead and go through the next yellow seed bead. Repeat this step five more times.
6. Go through the next two yellow seed beads.
7. Pick up ten green silver lined seed beads. Go back, skip three green seed beads, and go through the fourth and fifth green seed bead.
8. Pick up nine green silver lined seed beads. Go back, skip three green seed beads, and go through the fourth and fifth green seed beads.

9. Pick up six green silver lined seed beads. Go back, skip three green seed beads, and go through three green seed beads. Go through the rest of the green seed beads until you are one away from the top. Pick up a green silver lined seed bead and bring the needle through the next yellow seed bead.
10. Bring the needle through two more yellow seed beads to reach the black circle of beads in the middle. Bring the needle halfway through the circle of black seed beads until it is directly across from the green stem beads.
11. Bring the needle up through four yellow seed beads. Pick up three black seed beads. Bring the needle back through the same yellow seed bead, through the three black seed beads, and through the same yellow seed bead one more time.
12. Bring the needle down through the next three yellow seed beads to reach the black circle. Bring the needle through all the black circle seed beads. Bring needle and thread between the next two black seed beads and tie a double knot.
13. Bring the needle and thread up through the next seven yellow seed beads
14. Use 4mm jump rings to attach the bottom loop of an ear wire onto the second of the three black seed beads on top of the sunflower.
15. Repeat steps 1-14 for the matching earring.
